

# YuMOVE<sup>™</sup> Dog

Proven triple-action joint support for stiff and older dogs

- ✓ Aids stiff joints
- ✓ Supports joint structure
- ✓ Promotes mobility
- ✓ Pack sizes: 60, 120, 300 tablets

YuMOVE Dog's premium, natural formula makes a tail-wagging difference in three ways: soothing stiffness, supporting long-term joint health and promoting mobility.

YuMOVE Dog is proven to work in just 6 weeks\*, thanks to ingredients like the world's top strength, cold-extracted VitaEase<sup>™</sup> Green Lipped Mussel. See why sourcing is so important at [www.lintbells.com/vitaease](http://www.lintbells.com/vitaease).

## AIDS STIFF JOINTS

VitaEase<sup>™</sup> Green Lipped Mussel from the crystal clear waters of New Zealand provides an incredibly concentrated source of Omega 3, which is proven to soothe stiff joints. Sourcing and strength make all the difference – ours contains 4x more active Omega 3 than standard versions.

## SUPPORTS JOINT STRUCTURE

High strength Glucosamine provides the major building blocks of cartilage – the tough connective tissue that protects the joint. Natural Chondroitin found in VitaEase<sup>™</sup> Green Lipped Mussel helps to maintain healthy cartilage and joints for longer. Manganese supports collagen formation in the cartilage, tendons and ligaments.

## PROMOTES MOBILITY

YuMOVE Dog contains a unique form of Hyaluronic Acid – only ours is proven to reach the joint within 2 hours, helping to lubricate and cushion the joint. Vitamins C & E are antioxidants which neutralise free radicals, helping to maintain joint mobility.

## Joint Supplements

“My 15 year old Norwegian Elkhound, Dudley, has been on YuMOVE Dog since the start of December and the difference is incredible. He can once again jump on my bed, counter surf in the kitchen and thoroughly enjoyed the snow at the weekend. The difference is remarkable!”

Karen Gold and Dudley

## DAILY FEEDING GUIDE

This can be given as a treat or simply added to their food daily. Double the daily recommendation for the first 4-6 weeks.

**SMALL DOGS**  
(up to 15kg) **1 tablet**

**MEDIUM DOGS**  
(16 - 30kg) **2 tablets**

**LARGE DOGS**  
(31 - 45kg) **3 tablets**

**VERY LARGE DOGS**  
(over 45kg) **4 tablets**

## DO YOU HAVE A QUESTION?

We love talking to people about their pets, and helping where we can. If you've got any questions about your dog's mobility or just want to talk through your concerns, please do call us.

We're here Monday to Friday, 9am-5pm, on **01462 790886** – or email [info@lintbells.com](mailto:info@lintbells.com) and we'll get back to you as quickly as we can.

## DID YOU KNOW?

YuMOVE Dog started with Charlie, our founder's much-loved Chocolate Labrador. After trying all the available joint supplements for dogs, we set out to create something better – and the UK's number 1\*\* joint support formula was born.

# YuMOVE ADVANCE for Cats

Specialist joint support for cats

- ✓ Aids stiff joints
- ✓ Supports joint structure
- ✓ Promotes mobility
- ✓ Pack size: 60 capsules

YuMOVE ADVANCE for Cats is a unique combination of advanced, high-strength ingredients to promote mobility and support joint function. It's phosphate-free, fast-acting and easy to feed.

## AIDS STIFF JOINTS

VitaEase™ Green Lipped Mussel from the crystal clear waters of New Zealand provides a guaranteed, super-concentrated source of Omega 3 fatty acids, which aids the natural anti-inflammatory action of your cat's metabolism to soothe stiff joints. Sourcing and strength make all the difference - ours contains 4x more Omega 3 than standard varieties.

## SUPPORTS JOINT STRUCTURE

Glucosamine provides the major building blocks of cartilage – the tough connective tissue that protects the joint. Chondroitin from VitaEase™ Green Lipped Mussel maintains healthy joint structure. Manganese supports collagen formation in the cartilage, tendons and ligaments.

## PROMOTES MOBILITY

Hyaluronic Acid is a major part of synovial fluid, which helps lubricate and cushion the joint. Antioxidant Vitamin E neutralises free radicals, helping to maintain joint mobility.

## PHOSPHATE-FREE

YuMOVE ADVANCE for Cats is phosphate-free, perfect for cats on a low phosphorus diet.

“My cat Pixie is a very fussy cat but he takes YuMOVE ADVANCE for Cats without any problems, keeping us both happy!”  
Melanie Alder

## DAILY FEEDING GUIDE

For an average 4-5kg cat, use 1 capsule per day. It's easy to feed – just split the capsule and sprinkle the tasty supplement over your cat's food.

**AVERAGE CAT**  
(4-5kg) 1 capsule

For older or stiff cats, use 2 capsules per day for the first 4-6 weeks.

## HERE TO HELP

We love talking about pets and what's happening in their lives, so please do give us a call if you'd like to chat about your cat's mobility.

We're here Monday to Friday, 9am-5pm, on **01462 790886** – or email [info@lintbells.com](mailto:info@lintbells.com) and we'll get back to you as quickly as we can.

## DID YOU KNOW?

YuMOVE ADVANCE for Cats is formulated to tempt even the fussiest eaters – including notoriously choosy Bert, the Bengal owned by Caroline our Brand Ambassador.
